SEWER AND WATER CONTRACTOR OR INSTALLER LICENSE RENEWAL

NORTH DAKOTA STATE PLUMBING BOARD
SFN 17756 (4-2017)

July 1, 2017 through June 30, 2018

All licenses are to be renewed on or before June 30, 2017. If your license has expired for one year or more, you may be required to write the examination.

A Sewer and Water Contractor license allows the holder to do installation; a Sewer and Water Installer license is not also required.

It is the Sewer and Water Contractor's responsibility to not permit an employee to perform work as a Sewer and Water Installer unless licensed or registered as a Sewer and Water Installer. Sewer and Water Apprentices must work under the direct supervision of either a Sewer and Water Contractor or Sewer and Water Installer at all times.

Sewer and Water Code Books are available from this office or can be purchased through our website at www.ndplumbingboard.com/store/code-books. Please include $23.00 for this book with your renewal.

Please print. Return this renewal form with your payment.
