

To: North Dakota Water Conditioning Contractors and Installers
 From: Brent Beechie - Chief Inspector
 Date: November 13, 2017
 Re: 2018 License Renewal

Your water conditioning license will expire on December 31, 2017. Please complete and return the renewal form located below with the proper fees.

The North Dakota State Plumbing Board requires that you register all Water Conditioning Apprentices that are currently employed with your business. Please indicate on your renewal form if you need application forms.

When the business is sold, the water conditioning contractor license is non-transferable. The license can be revoked if the licensee has permitted the use of his license in violation of Chapter 43-18.1 of the North Dakota Century Code. The new owner must be a licensed Water Conditioning Contractor or employ a Water Conditioning Contractor.

If you have any questions, please call the office at 701-328-9977.

PLEASE DETACH THE BELOW PORTION AND RETURN WITH THE LICENSE FEES
